- Communication
- Team Collaboration
- Fast Learner
- Time Management

EDUCATION

UNIVERSITAS DJUANDA

2022 – Present
S1 Computer Science

BAHASA

- Indonesian (Native)
- English (Intermediate)

PROFESSIONAL SUMMARY

Final-year Computer Science student passionate about AI, data, and building useful technology. Experienced in developing real-world data dashboards during a government internship, leading product teams through end-to-end development cycles, and working with Python for data-driven solutions. Quick to learn, proactive, and adaptable, with strong collaboration and problem-solving skills. Seeking opportunities to contribute to impactful technology projects while continuing to grow in AI, data, and software development.

WORK EXPERIENCE & ORGANIZATIONS

FIELD WORK PROGRAM (KKL) | 2024

Dinas Pendidikan Kota Bogor

- Verified and processed large-scale administrative education data with high accuracy.
- Developed a Streamlit-based dashboard for education data monitoring and visualization.

EDUCATION & INFORMATION DIVISION | 2024 – 2025

DPM Universitas Djuanda

- Served as lead visual designer for public communication materials across various work programs and student events.
- Worked under tight deadlines and coordinated across divisions to keep events running smoothly.

PROJECT LEADER & DEVELOPER | 2023 – 2025

Digital Product Projects (KelompApps, Tasktiit, IoT Smart Bin)

- Led teams to design digital products from scratch using a Design Thinking approach.
- Sharpened tactical problem-solving, user empathy, and solid team collaboration skills.

YOUTUBE CHANNEL — AI CONTENT PIPELINE

CREATOR & AI WORKFLOW ARCHITECT | 2025 – Present

- Designed and operated end-to-end AI content pipeline (Gemini → GPT → Google AI Studio → YouTube)
- Grew channel organically to 4,000+ subscribers
- Achieved 2M+ views on a single viral video
